

## NMR CENTER • DTU

### **Invitation**

Welcome to the inauguration of the NMR Center DTU at DTU Chemistry featuring a scientific symposium followed by a reception with talks and guided tour at the NMR Center

### **Program**

*11:00-14:30 Scientific NMR Symposium*

Professor Timothy D.W. Claridge, Department of Chemistry, University of Oxford  
*Exploring ligand binding and enzyme inhibition with NMR Spectroscopy*

Professor Thomas Peters, Department of Chemistry, University of Lübeck  
*NMR Experiments into Sweet Binding*

R. Thomas Williamson, Director NMR Lead at Merck, New Jersey, USA  
*Unequivocal Definition of Small Molecule Structure Without a Crystal*

Rainer Kümmerle, PhD, Managing Director Bruker Biospin AG, Fällanden, Switzerland  
*Pushing the limits for NMR in small molecules to biological applications with state-of-the-art CryoProbe technology at high magnetic fields*

*A light lunch will be served during the symposium*

*15:00-17:00 Official inauguration*

Official inauguration and reception with talks and guided tour at the NMR Center DTU

### **Venue**

The inauguration will take place in Building 208, Auditorium 53, Kemitorvet,  
DK-2800 Kgs. Lyngby

### **Registration**

Please reply to this email ([nmr@dtu.dk](mailto:nmr@dtu.dk)) indicating if you participate the whole day - only in the scientific part - only in the inauguration. Deadline 6 December 2016. Thank you!
